The LaSalle Popular Run and Walk is back, it will take place this year on Sunday March 30, 2025

In 2024, about thirty LCCHS students came as volunteers. Together with students from other schools in the area, they greatly helped to make the 43rd edition of the race a great success.

We very much hope, once again this year, to be able to count on the presence of LCCHS students.

Please email Mr. Sicoli if interested!

IB learner profile of the month (January)!!!

The IB Design teachers will select the most principled student in Design at the end of the Month

“We act with integrity and honesty, with a strong sense of fairness and justice, and with respect for the dignity and rights of people everywhere. We take responsibility for our actions and their consequences.”

ATL skills focus:

- Primary vs Secondary Source Analysis: Analyze documents about technological innovations and artifacts. (Criterion A)
- Project Documentation/Citation skills: Teach students to document their design process accurately.
- Plagiarism Awareness: Discuss the importance of original work and how to avoid plagiarism.
- Read critically and a variety of sources for information (Criterion A of Design Cycle)
- Structure information in summaries using a design template
- Design improvements to existing machines and technologies.
- Use brainstorming and visual diagrams to generate new ideas and inquiries

Approaches to learning Tip of the Week: Managing time and tasks effectively

Set goals that are challenging and realistic and plan strategies and take action to achieve personal and academic goals

Preparing for exams can be stressful, but with the right strategies, you can manage it effectively. Here are some tips to help you prepare for exams:

1. Create a Study Schedule:
 - Plan your study time well in advance and stick to a consistent schedule.
 - Break down your study material into manageable chunks and allocate specific times for each subject or topic.
 - Include regular breaks to avoid burnout and keep your mind fresh.
2. Use Active Study Techniques:
 - Engage with the material actively by summarizing information in your own words, creating flashcards, or teaching the concepts to someone else.
 - Practice past exam papers and sample questions to familiarize yourself with the exam format and identify areas where you need more practice. (Math help services, review packages, ALLOPROF website)
 - Use mnemonic devices or visual aids like mind maps to help remember key concepts.
3. Take Care of Your Well-being:
 - Ensure you get enough sleep, especially the night before the exam, as rest is crucial for memory and concentration.
 - Eat nutritious meals and stay hydrated to keep your energy levels up.
 - Incorporate relaxation techniques such as deep breathing, meditation, or light exercise to manage stress and anxiety.

“Procrastination makes easy things hard and hard things harder.” — Mason Cooley;

Psst..Teachers! Do you have evidence of LCCHS students demonstrating the following traits throughout the year? please share with Mr. Sicoli and Mr. Swiderski! (Photos, videos etc)
