## Approaches to learning Tip of the Week:

MYP Approaches to Learning Tip of the Day: Critical Thinking

**Challenge Assumptions:** When faced with a problem or new information, take a moment to identify and question the assumptions behind it. Ask yourself, “What am I assuming here?” and “Are these assumptions valid?” This practice helps you uncover hidden biases and leads to more thorough and objective analysis.

By regularly challenging assumptions, you’ll sharpen your critical thinking skills and make more reasoned and balanced decisions. Keep questioning and exploring

“The important thing is not to stop questioning. Curiosity has its own reason for existing.” -Albert Einstein:

The LaSalle Popular Run and Walk is back, it will take place this year on Sunday March 30, 2025

In 2024, about thirty LCCHS students came as volunteers. Together with students from other schools in the area, they greatly helped to make the 43rd edition of the race a great success.

We very much hope, once again this year, to be able to count on the presence of LCCHS students.

Please email Mr. Sicoli if interested!
