Approaches to learning Tip of the Week: Proper Research and Citing Original Work

Skill Focus: Research

Understand the School Academic Integrity Policy: Familiarize yourself with types of academic misconduct and strategies to practice creating original work. (**See updated Academic Integrity policy on our school website under the IB tab**)

Keep Track of Your Sources: Use tools like a simple google doc to keep track of all your sources. Record all necessary details (author, title, publication date, URL) as you gather information. If proof of original work is requested by your teacher, provide all evidence and drafts. The burden of proof rests with the student.

Paraphrase and Summarize: Instead of copying text, paraphrase or summarize the information in your own words. Even when paraphrasing, always provide a citation to the original source. **This also applies to the use AI technology.**

Properly Attribute Images and Media: Always provide proper attribution for images, videos, and other media. Include the creator's name, title, source, and license. Use tools like Google Images' usage rights filter to find images that are free to use.

If you have any questions, feel free to ask your teachers or Ms. Molly our School librarian.

Why It Helps: Creates a school climate of enhancing credibility and integrity and

“Integrity is doing the right thing, even when no one is watching.”
— C.S. Lewis

FOR ANY STUDENT INTERESTED**

The LaSalle Popular Run and Walk is back, it will take place this year on Sunday March 30, 2025

In 2024, about thirty LCCHS students came as volunteers. Together with students from other schools in the area, they greatly helped to make the 43rd edition of the race a great success.

We very much hope, once again this year, to be able to count on the presence of LCCHS students.

Please email Mr. Sicoli if interested!
msicoli03@lbpearson.ca

Note: The organizer is requesting the cell numbers of the student volunteers. If you are interested, be sure to include your cell number when you email Mr. Sicoli
